Focused. Driven. Committed.

About Us

SYL Consulting and Learning Services, LLC is a Maryland-based consulting and training firm specializing in IT consulting, program & project management, and workforce development solutions. Founded in 2020, the company supports federal and commercial clients by delivering integrated services that enhance operational performance, implement technology initiatives, and strengthen workforce capabilities. SYL combines technical consulting expertise with instructional design & training delivery to provide scalable, mission-aligned solutions that improve organizational effectiveness and long-term performance.

Core Services

- Program & Project Management Support
- IT Consulting & Technology Advisory
- Workforce Training & Development
- Instructional Design & E-Learning Development
- Curriculum Development & LMS Support
- IT Project Planning, Scheduling & Budgeting
- Risk Management & Performance Tracking
- Change Management & Process Improvement

Differentiators

- Combines IT consulting, project management, and workforce training in one solution.
- Delivers both technical implementation and workforce development support.
- Provides customized, client-focused solutions aligned with mission objectives.
- Supports federal agencies, primes, and commercial organizations.
- Certified workforce with PMP and technical credentials ensuring structured delivery.
